Where: Ericsson Globe, entrance 6

Registration: February 9, 2018 at the latest

Click on the link to sign up: <https://eventdobby.com/kickoffcbh/>

On January 1, 2018, three KTH schools merged to form the School of Engineering Sciences in Chemistry, Biotechnology and Health. To celebrate this, we launch our activities with a Kick-Off for all co-workers.

This is a "once-in-a-life-time event" for our school and I hope that you all have the possibility to participate!

The program offers a broad insight into our new school through different forms of presentations.

Please sign up following the link and indicate whether you will participate only in the afternoon program or also in the following dinner.

See you at Globen!

Best regards,

Mikael Lindström, Head of School

Questions answered by Mia Hjertén, mahjer@kth.se, 08-790 87 47.
